4 modules	81	148	40	OBU-4
6 modules	81	203	40	OBU-6

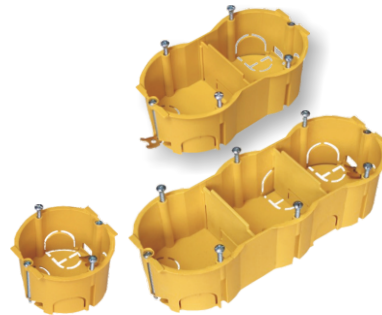

- enable to use electrical and data transfer outlets in the same design,
- allow to use 2x 230 V sockets or 6 data transfer sockets,
- surface mounted,
- delivered with 2x metal screw,
- has special holes in back side for cables.

#### Flush mounted boxes in 45x45 mm standard

Type	Height (mm)	Width (mm)	Depth (mm)	Index
2 modules	65	68	40	GIP-2
4 modules	65	124	40	GIP-4
6 modules	65	184	40	GIP-6

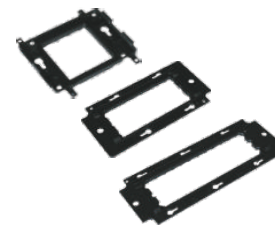

- enable to use electrical and data transfer outlets in the same design,
- allow to use 3x240 V sockets or 6x data transfer sockets,
- surface mounted,
- delivered with 2x metal screw,
- has special holes in back side for cables.

#### Mounting supports

Type	Height (mm)	Width (mm)	Index
2 modules	45	45	SUP-2
4 modules	45	90	SUP-4
6 modules	45	135	SUP-6

- enable to use electrical and data transfer outlets in the same design,
- allow to use 3x240 V sockets or 6x data transfer sockets,
- designed to used in combination with mounting frames,

#### Mounting frames

Type	Height (mm)	Width (mm)	Index
2 modules	45	45	RAM-2
4 modules	45	90	RAM-4
6 modules	45	135	RAM-6

- enable to use electrical and data transfer outlets in the same design,
- allow to use 3x240 V sockets or 6x data transfer sockets,
- designed to used in combination with mounting supports
